Future Business Partners

MEMBERSHIP PLUS

The Detroit Historical Society collects and shares the stories of Detroit. Since its founding in 1921, DHS has been dedicated to ensuring that the history of our region is preserved so that current and future generations of metro Detroiters can better understand the people, places and events that helped shape our lives.

Our Membership Plus Affiliate program adds value to our membership options and connects our 4,000 member households to support local businesses. We are proud of our growing list of business partners who provide special discounts to DHS members when they present their membership card.

In exchange, DHS provides our Membership Plus Affiliate partners with the following benefits:

- Two (2) complimentary general admission cards for the DHM and the DGLM (each card good for up to four (4) guests at one time)
- VIP tickets to special events
- A DHS-branded decal designating your participation in the DHS Membership Plus Partner Program
- Listing with other DHS Membership Plus Partners on the detroithistorical.org website
- A link to your website from the DHS Membership Plus Partners webpage
- Flexibility to define the parameters of the Membership Plus Partners discount offered

“The Detroit Historical Society tells Detroit's stories and why they matter.”
